Baldwin. The old standard variety for which no substitute has been found. Although the tree is tender to extreme cold, it is still a leader. Fruit large red and juicy.

Cortland. The best apple introduction of the twentieth century. A high quality apple that closely resembles McIntosh, one of its parents. Bears fruit in abundance at an early age.

Delicious. A large dark red apple with crisp, fine grained flesh of excellent quality and flavor. Hardy, vigorous and an annual bearer. December to February.

Gallia Beauty. A promising all red sport of Rome Beauty. Tree is strong grower and very productive.

Jonathan. Beautiful red apple of excellent quality. Productive and an early bearer. November to April.

McIntosh Red. The leading commercial variety of Northeastern states. Cannot be beat for quality. Tree is a strong grower and prolific bearer.

Northern Spy. Fruit is large and very productive, being of bright red color with a delicious bloom. Flesh is juicy, crisp and excellent for dessert or culinary uses. November to April.

Rome Beauty. Yellow and red striped apple of excellent quality. Prolific annual bearer. Early bearer and good keeper.

Stayman's Winesap. Yellow striped with red. Excellent quality. Productive and an early bearer. Splendid late keeper. December to March.

York Imperial. Yellow striped with light red. Quality very good. Bears regularly and heavily. December to February.

Fellemburg Prune

Planted a Little Over a Year and Bore Fruit

R. 6, Butler, Pa.
Kelly Bros., Dansville, N. Y.

Gentlemen: I enclose a photo of one of twelve Dwarf Bartlett Pear Trees bought from you and planted last spring. This tree has been visited by dozens and dozens of people and all said they never saw anything like it. I should have a yard stick in the picture as the height of the tree to where this year's growth began is only 34 inches.

Yours truly,
J. C. HOCH.

GRAPE SPECIAL

Concord. The leading commercial variety. Hardy, productive and ideal for home gardens. 2 yr. No. 1 Plants -10 for \$1.00

KELLY'S SELECTED SMALL FRUITS

THE NEW TAYLOR RASPBERRY

Another sure winner introduced by the New York State Agricultural Experiment Station. Taylor plants are vigorous, hardy, very productive and tall growing. The sturdy canes hold the berries well off the ground. The berries ripen early, are large, long, cone shaped, attractive bright red in color, thick fleshed, firm, sweet and of excellent quality.

25 for \$1.25, 100 for \$4.00

BOYSENBERRY

Recommended for trial plantings. Berries very large with a rich and appetizing flavor. Grow better where trained to a trellis like grapes.

Strong 2 Year Transplants

20c each, \$1.50 per 10, \$12.50 per 100

EXTRA SPECIAL!! 100 RASPBERRY PLANTS OF THE FOLLOWING LEADING NEW VARIETIES \$3.95

- 25 Indian Summer. New everbearer. High quality. None better.
- 25 Sodus. New Purple Raspberry. Best purple raspberry.
- 25 Taylor. New, early, hardy, and productive red raspberry.
- 25 Latham. The standard old reliable red raspberry. Most profitable commercial berry.

This is a Real Addition to Your Home Garden

KELLY'S NURSERY STOCK IS THE BEST TO BE HAD AT ANY PRICE

Our nurseries are located in one of the most favorable spots to be found anywhere in the country. Our soil and climatic conditions are so ideal that we are able to produce trees and plants of the utmost vigor and vitality. Nowhere can trees be grown with cleaner, straighter bodies—better balanced tops—or more abundant fibrous roots.

CURRANTS

2 Year No. 1, 20c Each, \$1.50 per 10, \$10.00 per 100
Wilder Currants. Red fruits are exceptionally handsome. Higher in quality and hang longer after ripening than any other commercial sort. Plants are hardy and productive.

DWARF APPLES

We offer a limited quantity of two year Dwarf apple trees on the New Malling root stock. Write for prices and varieties available

SPECIAL LOW PRICES ON SHRUBS

ALL 2 YEAR OLD NO. 1 PLANTS—25c Each, \$2.00 per 10

Philadelphus Coronarius. Sweet Mockorange. A popular well-known, hardy shrub. White, fragrant flowers in May-June.

Deutzia Pride of Rochester. Strong grower, free bloomer, double white flowers tinged with pink.

Spirea Callosa Rosea. Similar to Anthony Waterer. Beautiful purplish pink flowers in profusion.

Forsythia Fortuneii, Intermedia, Suspensa. Exceptionally hardy, bright yellow flowers early in April before leaves appear.

Tartarian Honeysuckle. Hardy, vigorous grower. Pink flowers, April-May. Red fruits.

Spirea Van Houtteii. Well-known, popular shrub. Graceful habit of growth. Sometimes called bridalwreath. Pure white flowers April-May. Blooms profusely. **Price—20c each, \$1.50 per 10.**

Spirea Thunbergii. Low growing shrub with slender spreading branches. Feathery, bright green foliage. Snow white flowers. April.

SPECIAL VINE OFFER

Polygonum Auberti. China Fleecevine or Silver Lace Vine. Rapid growing climber producing throughout summer and fall large foamy sprays of creamy white flowers. 25c each, \$2.00 per 10.

KELLY'S SELECTED ROSES

Our roses are all hardy northern 2 year No. 1 field grown plants. They are all free blooming and vigorous growing in habit. Continual bloom from early summer until frost.

Dame Edith Helen. Clear pink. Very large double, fragrant bloom on long stem.

Etoile de Hollande. The star of all red roses. Brilliant dark red. Stems almost thornless and foliage healthy.

K. A. Viktoria. Soft, pearly white shading to cream. One of the best white roses.

Pink Radiance. Brilliant carmine-salmon color. Flowers are large, double and delightfully fragrant. Most popular pink rose.

President H. Hoover. One of the finest roses ever introduced. Yellow, orange and scarlet in a luscious blend of color.

Roslyn. Beautiful golden yellow with reverse side orange. An active bloomer with a compact, vigorous bush.

Belle of Georgia. Large, attractive white fleshed peach. Red cheek. Hardy and productive. Freestone. Middle of September.

Carman. Large white fleshed peach of fine quality. Very hardy and productive. Freestone. Early September.

South Haven. Another excellent new peach well worth planting. Golden yellow with red blush. Large, meaty, and of delicious flavor. Prolific. Freestone. Early September.

Golden Jubilee. Leading early yellow peach. An introduction of the New Jersey Experiment Station which we highly recommend. The tree is unusually hardy and resists excessive cold. A sure cropper after severe winters. Fruit of good size and quality.

Oriole. A new early peach of high quality. Fruit medium to large in size, yellow fleshed, and a freestone. Trees vigorous and productive. Early September.

Rochester. Large yellow, with attractive red blush. A very fine canner, prolific and early bearer. Freestone. Early September.

Valiant. Large, yellow, freestone, juicy, very good quality. Productive. Early September.

Veteran. Large, round, yellow fleshed fruit. Freestone. It makes a desirable sort to follow Valiant.

ELBERTA PEACH TREES

12½c Each (In 100 lots)

Large golden yellow peach of uniform size. Good shipper. Excellent for home use and planting. This is the leading late variety.
